After-School enrichment program Spanish Classes

What every parent should know

Research shows that young children are the most receptive language-learners. Get them started on the path to success now! Children who begin studying an additional language at an early age develop natural pronunciation, are less inhibited, and benefit immeasurably from the educational enrichment.

For more information please call Macedonia Minkovsky at (949)766-8711 or visit www.SpanishLearningProgram.com

Class Schedule

Classes will be held once a week immediately after school. The exact classroom location will be arranged with your school and will be announced prior to the first day of classes.
